

ORANGEHOME

Electric Heating Home Appliance

Shenzhen Orangehome Housewares Co., Ltd

www.orangehome.com.cn

About us

Shenzhen Orangehome Housewares Co., Ltd. has been a leading manufacturer of small household electrical appliances, such as Oven, Blender, Coffee maker, Electric kettle, Sandwich maker, Juicer, Food processor, Food mixer, Food Chopper, Toaster and other related products. We hope we could help our customers to realize one-stop purchasing and make end users enjoy the superior quality of our products.

To increase our competitiveness and strength, Orangehome deployed the diversification of business range and invested a lot in design and R&D. Some of our product designs have gained award from China Industrial Bureau. A 46,000-square-meter new factory has been finished with more than 500 total staff members. There are over 10 production lines which can meet the large-quantity orders and fast delivery.

Orangehome attaches special importance to product quality, implements the quality standard of ISO9001:2008 from the sourcing of raw materials, production, testing, marketing and after-sales service to overall quality control, and has been certified by CE, CB, RoHS, LFGB, SASO and UL.

Orangehome always follows the rhythm of "market, creativity" and is dedicated to household product field. Orangehome started our business in international markets from Sep, 2005, and our products have been exported to Europe, North America, Oceania and Southeast Asia. With our company's good credit and excellent service, we won trust and reputation from all customers all over the world.

Orangehome will further develop the sales channel around the world. Business partners are welcomed to join us! We are ready to provide more advanced technology, novel design and wonderful service to you!

Orangehome makes home warmer!

ORANGEHOME MAKES HOME WARMER!

Model: HV-228

- Digital oven with LCD screen
- Capacity: 28L, also can do 33L
- Timer: 120Min
- Power: 1600Watts
- Temperature adjustable: 100-250

Model: HV-233

- Digital oven with LCD screen
- Capacity: 33L, also can do 28L
- Timer: 120Min
- Power: 1600Watts
- Temperature adjustable: 100-250

Model: HV-240

- Digital oven with touch screen function
- Capacity: 40L, also can do 23L, 33L, 48L, 65L, 70L
- Timer: 120Min
- Power: 2000Watts
- Temperature adjustable: 100-250

Model: HV-422

- 22 liter Air fryer oven
- Oven Power: 1600W; Airfryer power: 1700W
- Timer: 60Min
- PTemperature control up to 230
- Include special Airfryer function

Model: HV-170

- Capacity: 70 liter
- With 3 knobs or 4 knobs for your choice
- Timer: 60Min
- Power: 2280Watts
- Temperature adjustable: 100-250

Model: HV-190

- Capacity: 90 liter
- With 3 knobs or 4 knobs for your choice
- Timer: 120Min
- Power: 2400Watts
- Temperature adjustable: 100-250

OVEN

Model: HV-120B

- Capacity: 20L, also can do 16L, 25L, 30L, 38L, 48L, 60L
- Timer: 60Min
- Power: 1280Watts
- Temperature adjustable: 100-250
- Heat-resistant tempered glass window

Model: HV-132

- Capacity: 32L, also can do 23L, 45L, 60L
- Timer: 60Min
- Power: 1600Watts
- Temperature adjustable: 100-250
- With 2 hotplates on top of oven

Model: HV-148B

- Capacity: 48L, also can do 16L, 20L, 25L, 30L, 38L, 60L
- Timer: 60Min
- Power: 2000Watts
- Temperature adjustable: 100-250
- Heat-resistant tempered glass window

Model: HV-138B

- Capacity: 38L, also can do 25L, 30L, 48L, 60L
- Timer: 60Min
- Power: 1600Watts
- Temperature adjustable: 100-250
- With 2 hotplates on top of oven

Model: HV-143

- Capacity: 45L, also can do 23L, 32L, 60L
- Timer: 60Min
- Power: 2000Watts
- Temperature adjustable: 100-250
- Heat-resistant tempered glass window

Model: HV-160

- Capacity: 60L, also can do 23L, 32L, 45L
- Timer: 60Min
- Power: 2100Watts
- Temperature adjustable: 100-250
- With 2 hotplates on top of oven

Model: HV-315

- New EK1 GS standard
- Capacity: 15L, also can do 10L, 23L, 30L, 45L
- Timer: 60Min
- Power: 1300Watts
- Temperature adjustable: 100-230

Model: HV-330

- New EK1 GS standard
- Capacity: 30L, also can do 10L, 15L, 23L, 45L
- Timer: 60Min
- Power: 1800W+(1000W+600W)
- Temperature adjustable: 100-230

Model: HV-130B

- Double glass door
- Capacity: 30L, also can do 16L, 20L, 25L, 38L, 48L
- Timer: 60Min
- Power: 1600W
- Temperature adjustable: 100-230

Model: HV-345

- New EK1 GS standard
- Capacity: 45L, also can do 10L, 15L, 23L, 30L
- Timer: 60Min
- Power: 2000W
- Temperature adjustable: 100-230

Model: HV-108

- Heat-resistant tempered glass window
- Capacity: 9L
- Timer: 30Min
- Power: 650W
- Temperature adjustable: 100-230

Model: HV-113

- 13L pizza oven
- Stainless steel body with Pizza Stone
- Timer: 60Min
- Power: 1400W
- Temperature adjustable: 100-250

COFFEE MAKER

Model: HM-628

- Drip coffee maker
- Capacity: 10-12 cups
- Power: 750W
- Swing-out filter basket
- On/off with light indicator
- Water tank with water level marks

Model: HM-627

- Drip coffee maker
- Capacity: 10-12 cups
- Power: 750W
- Swing-out filter basket
- On/off with light indicator
- Water tank with water level marks

Model: HM-106B

- Drip coffee maker
- Capacity: 12 cups
- Power: 800W
- Swing-out filter basket
- On/off with light indicator
- Water tank with level marks

Model: HM-106

- Digital drip coffee maker
- Capacity: 12 cups
- Power: 800W
- Swing-out filter basket
- On/off with light indicator
- *Digital Timer and LCD display*

Model: HM-107

- Digital drip coffee maker
- Capacity: 12 cups (1.5L)
- Power: 900W
- On/off with light indicator
- *Automatic power off after 40 min.*
- LED Display: white text with black background

Model: HM-106S

- Digital drip coffee maker
- Capacity: 10 cups
- Power: 800W
- On/off with light indicator
- *Digital Timer and LCD display*
- S/S jar double walls for better keep warm performance

Model: HM-614B

- Drip coffee maker
- Capacity: 4-6 cups
- Power: 550W
- Swing-out filter basket
- On/off with light indicator
- Water tank with level marks

Model: HM-614A

- Drip coffee maker
- Capacity: 4-6 cups
- Power: 550W
- Swing-out filter basket
- On/off with light indicator
- Water tank with level marks

Model: HM-410

- Capacity: 0.3L
- Anti-drip feature
- Power: 450W
- For Home Used standard
- Suitable for making tea or coffee
- Big travel mug

Model: HM-415

- Capacity: 0.4L
- Anti-drip feature
- Power: 600W
- For Home Used standard
- Suitable for making tea or coffee
- Big travel mug

Model: HM-401

- Capacity: 2 cups
- Anti-drip feature
- Power: 450W
- On/off with light indicator
- Removable & washable filter
- With two ceramic cups

Model: HM-405

- Capacity: 2 cups
- Anti-drip feature
- Power: 400W
- On/off switch with light indicator
- Removable and washable filter
- With two ceramic cups

ELECTRIC KETTLE

Model: HK-111

- Capacity: 1.8L
- 360° Cordless glass kettle
- Power: 1500W
- Concealed heating element
- Boil-dry protection
- Automatically turns off when water boils

Model: HK-108

- Capacity: 1.7L
- 360° Cordless glass kettle
- Power: 1500W
- Concealed heating element
- With stainless steel filter
- Automatically turns off when water boils

Model: HK-107

- Capacity: 1.7L
- 360° Cordless glass kettle
- Power: 1850~2200W
- Concealed heating element
- Boil-dry protection
- **LED light will change the color when 60, 70, 80, 90, 100C**

Model: HK-119G

- Capacity: 1.8L
- 360° Cordless S/S kettle
- Power: 1800-2200W
- Concealed heating element
- Boil-dry protection
- Automatically turns off when water boils

Model: HK-128K

- Capacity: 1.7L
- 360° Cordless S/S kettle
- Power: 1800-2200W
- Concealed heating element
- Boil-dry protection
- Automatically turns off when water boils

Model: HK-128

- Capacity: 1.7L
- 360° Cordless S/S kettle
- Power: 1800-2200W
- Concealed heating element
- Boil-dry protection
- Automatically turns off when water boils

Model: HK-111T

- Capacity: 1.8L
- 360° Cordless glass kettle
- Power: 1500W
- Concealed heating element
- Boil-dry protection
- **Keep warming function from 75C - 85C**

Model: HK-105

- Capacity: 1.8L
- 360° Cordless glass kettle
- Power: 1850-2200W
- Concealed heating element
- Boil-dry protection
- **Adjustable temperature: 50, 70, 80, 90, 100C for selection**

Model: HK-121R

- Capacity: 1.8L
- 360° Cordless S/S kettle
- Power: 1500W
- Concealed heating element
- Boil-dry protection
- **Keep warming function from 75C - 85C**

Model: HK-132A

- Capacity: 1.8L
- 360° Cordless plastic kettle
- Power: 1500W
- Concealed heating element
- Boil-dry protection
- **Keep warming function from 75C - 85C**

Model: HK-119D

- Capacity: 1.7L
- 360° Cordless S/S kettle
- Power: 1850-2200W
- Concealed heating element
- Boil-dry protection
- **Adjustable temperature: 60, 70, 80, 90, 100C for selection**

Model: HK-108TM

- 2 in 1 tea pot
- 1.8L glass kettle
- 1.0L glass tea pot
- Power: 1500W
- Concealed heating element
- Boil-dry protection
- Blue LED light inside

ELECTRIC KETTLE

Model: HK-133K

- Capacity: 1.7L
- 360° Cordless plastic kettle
- Power: 1800-2000W
- Concealed heating element
- Boil-dry protection
- Automatically turns off when water boils

Model: HK-133G

- Capacity: 1.7L
- 360° Cordless plastic kettle
- Power: 1800-2000W
- Concealed heating element
- Boil-dry protection
- Automatically turns off when water boils

Model: HK-108TW

- 2 in 1 tea pot
- 1.8L glass kettle
- 1.0L glass tea pot
- Power: 1500W
- CSafety locking lid
- Boil-dry protection
- Blue LED light inside

Model: HK-119TW

- 2 in 1 tea pot
- 1.8L S/S kettle
- 1.0L glass tea pot
- Power: 2000W
- CSafety locking lid
- Boil-dry protection
- Blue LED light inside

Model: HD-101D

- Digital Food Dehydrator
- Power: 250W
- 4 Transparent trays
- Dimension: 32x25x26.5cm
- Thermostat range of 35-70 (95-155F degree)
- 0 -48hours, LCD display

Model: HD-101B

- Food Dehydrator
- Power: 250W
- 4 Transparent trays
- Dimension: 32x25x26.5cm
- Thermostat range of 35-70 (95-155F degree)

ORANGEHOME MAKES HOME WARMER!

Model: HS-152F

- 2 slice panini grill
- Power: 750W
- Non-stick coated grill plates for easy cleaning
- 90° and 180° open plate, cool-touch handle
- Cooking size: 23X14.5cm

Model: HS-152E

- 2 slice panini grill
- Power: 750W
- Non-stick coated grill plates for easy cleaning
- 90° open plate, cool-touch handle
- Cooking size: 23X14.5cm

- 2 slice panini grill
- Power: 1000W
- Non-stick coated grill or triangle of waffle plates
- Fix plate or detachable plates
- Cooking size: 28.5X15cm

Model: HS-203

- 4 slice panini grill
- Power: 1800-2000W
- Big size non-stick coated grill plates
- 90° open plate, cool-touch handle
- Cooking size: 29X26CM

SANDWICH MAKER

Model: HS-107S

- 2 slice sandwich maker
- Power: 750W
- Non-stick coated plates for easy cleaning
- Triangle /Grill cooking plate for your choice
- Cooking size: 12X22cm

Model: HS-302

- 2 slice sandwich maker
- Power: 750W
- Non-stick coated plates for easy cleaning
- Triangle /Grill cooking plate for your choice
- Cooking size: 12X22cm

Model: HS-300N

- 3 in 1 sandwich maker with detachable plates
- Power: 750W
- Non-stick coated plates for easy cleaning
- 6 set of plates for your choice
- Cooking size: 13X23cm

Model: HS-300M

- 3 in 1 sandwich maker with detachable plates
- Power: 750W
- Non-stick coated plates for easy cleaning
- 6 set of plates for your choice
- Cooking size: 13X23cm

Model: HS-401

- 4 slice sandwich maker
- Power: 1400W
- Non-stick coated plates for easy cleaning
- Triangle /Grill / waffle cooking plate for your choice
- Cooking size: 25.4X21.5cm

Model: HS-405

- 4 slice sandwich maker
- Power: 1400W
- Non-stick coated plates for easy cleaning
- Triangle /Grill / waffle cooking plate for your choice
- Cooking size: 25.4X21.5cm

Model: HS-303P

- 2 slice sandwich maker
- Power: 750W
- Non-stick coated plates for easy cleaning
- Triangle /Grill cooking plate for your choice
- Cooking size: 12X22cm

Model: HS-223

- New design waffle maker
- Power: 1000W
- Non-stick coated plates for easy cleaning
- With temperature control
- Stainless steel cover

Model: HS-115

- 2 slice sandwich maker
- Power: 750W
- Non-stick coated plates for easy cleaning
- Triangle /Grill cooking plate for your choice
- Cooking size: 12X22cm

Model: HS-303

- 2 slice sandwich maker
- Power: 750W
- Non-stick coated plates for easy cleaning
- Triangle /Grill cooking plate for your choice
- Cooking size: 12X22cm

Model: HS-221

- Power: 750W
- Crepe maker with hanging handle
- Non-stick coating plate for easy cleaning
- Plate size: 22 cm
- Switch with indicator light for easy operating

Model: HT-410

- 4 slice toaster
- Power: 1300W
- Variable electronic timing control
- Stainless steel body
- Slide out crumb tray easy to clean

TOASTER

Model: HT-362

- 2 slice new toaster
- Power: 750W
- Variable electronic timing control
- Automatically turn off function
- Reheat /defrost/stop button

Model: HT-368

- 2 slice new toaster
- Power: 800W
- Variable electronic timing control
- Automatically turn off function
- Reheat /defrost/stop button

Model: HT-225

- 2 slice cool touch toaster
- Power: 750W
- Variable electronic timing control
- Automatically turn off function
- Reheat /defrost/stop button

Model: HT-210

- 2 slice cool touch toaster
- Power: 600W
- Variable electronic timing control
- Automatically turn off function
- Single stop function

Model: HT-200M

- 2 slice digital toaster with wide slot
- Power: 800W
- Variable browning control with LCD display
- Automatically turn off function
- Reheat /defrost/stop button

Model: HT-200S

- 2 slice toaster with wide slot
- Power: 800W, self-centering function
- Variable browning control
- Automatically turn off function
- Reheat /defrost/stop button
